Fort Bragg 5-Day Forecast

(Valid 0430L 18 October 2012)

Today: In the morning expect patchy mist and partly cloudy skies. In the evening, expect cloudy conditions with rain and thunderstorms. Winds will start from the southeast at 9 mph. Winds will be as strong as 40 mph with evening thunderstorms. Temperatures will be 48°F for a low, 77°F for a high.

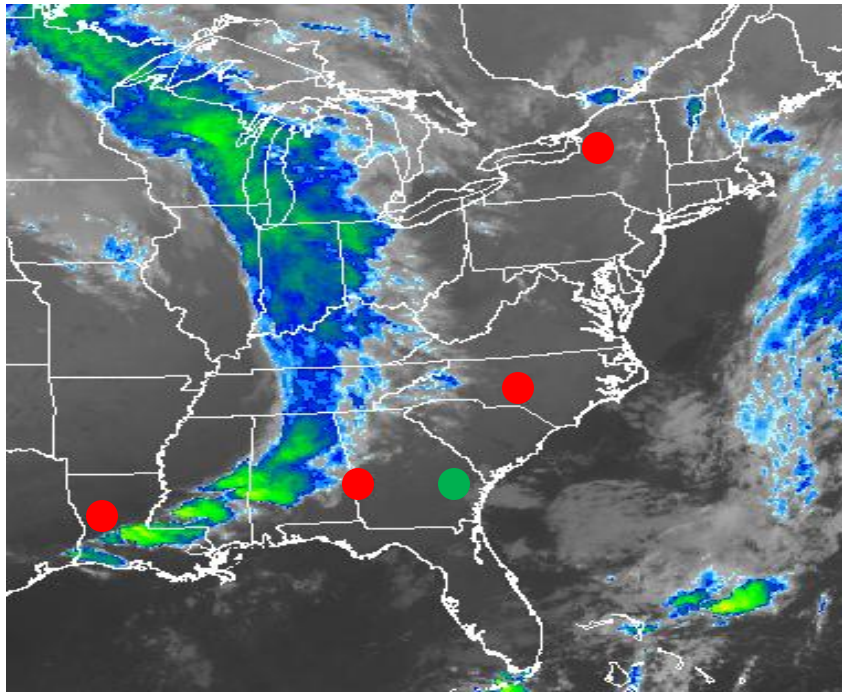

Friday: Lingering rain showers with cloudy skies and scattered thunderstorms in the area will start off the day. By afternoon, the rain will end and skies will clear. Winds will be from the southeast at 17mphs in the morning. In the afternoon winds will decrease to 15 mph and shift to the southwest. Temperatures will be 54°F for a low and 75°F for a high.

Saturday: Clear skies in the morning becoming partly cloudy in the afternoon. Winds will be from the southwest at 8 mph in the morning and shift to the west in the afternoon. Low temperature 48°F, a high of 68°F.

Sunday: Partly cloudy skies in the morning becoming clear by the afternoon. Winds will be from the north at 7 mph. Low temperature 46°F, a high of 66°F.

Monday: Partly cloudy skies are expected through out the day. Winds from the northeast at 5 mph. Low temperature 46°F, a high of 68°F.
